MIDDLEBURG.

Rev. Josiah Taylor, of the Rock Lick section of Pulaski, has bought the house and lot on Race Street, belonging to Dr. I. S. Wesley. Rev. Taylor will move to Middleburg about the first of October.

And still they come—to put their names to the petition asking for permission to vote on the proposition of free turnpikes and bond issue in Casey county. Already more names have been secured than are actually necessary.

A protracted meeting has been going on at the Baptist church at Liberty for several days and a general interest is being taken and much good is sure to accrue. The services have been conducted by Rev. Compton, a traveling evangelist, ably assisted by the pastor, Rev. J. B. Ferrell, of this place.

G. A. Prewitt and wife, of Liberty, left Monday last for New Mexico with their little son who has a bad throat trouble. Mr. Prewitt consulted a Louisville specialist who advised him to take his child to the high, dry atmosphere of N. M., as the only hope. Dr. Pat Humphrey accompanied them.

We are glad to be able to state that the report sent out from Paducah to the press relative to the foul murder of William Short is untrue, as his father has just received a letter from his son written several days after the supposed murder occurred and he was then well and made no mention whatever of his "demise" of a few days previous.

Corn is selling at \$3.25 to \$3.75. It is needless to say had not the drought been broken up when it was, corn would now be selling at \$4. If Jack Frost will only stay away the corn yield will be far better than a half yield. Cattle are low. Fat hogs command a fairly good price, while stock hogs are like calves, hardly worth the keeping. This year's peach crop is the largest in Casey in years and bring only 50 cents.

Stephen Cochran, formerly of the 44th Vol. Inf., and a veteran of the Philippine Insurrection, is very low of consumption at his home on Brush Creek. Uncle Elsie Gifford, who is just rounding out his 79th milestone, has been very poorly for the past few days, suffering from rheumatism and other infirmities peculiar to old age. The health of the community is good, no serious sickness in the immediate neighborhood.

By late reports it seems that the Philippine Insurrection goes on unabated despite the death dealing licks given it by Gen. Otis, McArthur, the writer and many other celebrities, but of smaller calibre. The rainy season is now on in full blast and active military operations on the part of the Americans on some of the islands seem to have been deferred until after the rainy season is over. The only Casey boy that we can now recall in the Philippines is Corp. E. M. Keeney, of Troop "D" 3d U. S. Cavalry, and his time will be up in November. Robert Hall and Archie Riffe, lately invalided to the U. S., are at Presidio, San Francisco, Cal., where they will perform light duty until November, when their term of enlistment expires.

W. F. Martin, whose sensational arrest was made at Liberty some two weeks ago, on a warrant sworn out by a Lexington woman, on the serious charge of obtaining money under false pretenses, is back home, having been acquitted by the claimant's own testimony. Neither Martin, his or her witnesses were put on the stand. The claimant charged that Martin had secured money from her under a promise of marriage. That her charges were bogus and made solely to extort money, is now very evident. She produced bogus letters from Martin, written and mailed at Cincinnati in November of '99, promising he would marry her. Claimant was ignorant of the fact that defendant had served an enlistment in the U. S. army and was in the Philippines at the time the bogus letters were gotten up. We have before us a copy of the Lexington Leader of Aug. 21, with an account of the trial, the caption of which is: "Martin is Free, Claimant Could not Substantiate Sensational Charge." The trial was very amusing in the extreme and it is believed by many that the woman's mind is unbalanced as she contradicted herself a dozen times while on the stand. Martin was formerly a leading photographer of Lexington, but volunteered to serve his country in distant lands when volunteers were called for in June '99. He served with distinction in the famous 37th Vol. Infantry and was wounded in a desperate engagement near Siniloan just a year ago Saturday. He is an old Casey boy and all many friends are glad to learn of his acquittal. By the way, Martin was just granted a pension a few days ago for wounds received in the Philippines. It seems that public opinion was with Martin from the first to the last of the trial.

Zack Phelps, the well-known Louisville lawyer and politician, is dead. He started life as a newsboy and worked his way to fame and fortune without assistance. He was a fine lawyer and a democrat whose valuable services will be missed.

Charles V. Savery, who was killed by J. L. Rone, near Bowling Green, leaves a widow and daughter at Winchester. Rone disappeared after saying that he had killed Savery. They had been out driving together. Savery was found in the road with four bullet holes in his head and neck.

Damage approximating \$1,000,000 was done by a flood in Cleveland, due to a heavy rain, which continued eight hours. Miles of streets were flooded and many buildings were undermined, but no lives were lost. Many citizens in the principal residential portions were rescued from their homes by rowboats.

The construction cost of the Pan-American Exposition at Buffalo was \$9,000,000; of the Paris Exposition last year \$10,000,000; of the world's fair at Chicago \$18,000,000, while St. Louis will spend \$30,000,000 in building her Louisiana Purchase Exposition in 1903.

The area of the Paris Exposition was 173 acres; that of the Pan-American is 350 acres; that of the Louisiana Purchase will be over 1,100.

MATRIMONIAL.

A woman of 32 ran away with a boy in knee pants in Maine and married him.

Mr. and Mrs. Peter Stanley, of Sandusky, O., have been married a few days over 83 years.

A Gloucester, Mass., coachman's wife has sued a wealthy society belle for \$30,000 for alienating her husband's affections.

Miss Rice, step-daughter of Dr. T. O. Meredith, president of the Burgin Bank, eloped to Lawrenceburg with Charles Ware, of Boyle, where she became his wife. She is only 15 years of age.

A Virginia preacher's wife has been married three times. Her maiden name was Patridge, her first husband was a Robin, her second Sparrow and the present lesser half bears the name of Quayle. There are now two young Robins, one Sparrow and three Quayles in the family. One grandfather was a Swan and another was a Crane.

Announcement is made of the engagement of Miss Nannette Camilla Heath, of Richmond, Ky., and Mr. Charles W. McKennon, of Waco, Tex. The marriage will take place Wednesday, Sept. 25, at the residence of Mrs. John Emby, a relative of the bride, in Lexington, says the Leader. Miss Heath is now on a visit to her sister, Mrs. A. H. Severance, in Stanford.

After services at the Baptist church Sunday night Mr. J. W. Holderman, our accommodating and clever assistant at the L. & N. depot, quietly led the Rev. R. R. Noel to the residence of Mrs. Jas. Lee, where he found Miss Fannie Lunsford awaiting them. After a few words by the preacher two hearts beat as one, as they started together on their life's tempestuous sea, which, let us hope, will carry them happily and safely on their voyage to the other shore.

The bride, who is said to be very pretty, is a daughter of Mr. George Lunsford, of this vicinity. Mr. Holderman showed his good sense by being at his post all day yesterday, remarking when asked why he didn't celebrate his marriage by taking a day off, "I've got to work harder than ever now to support two." That's the kind of men who make a success of life, and the bride may rest assured that she has a man that will do to tie to.

Death of Mrs. Wilkinson.

LIBERTY, Sept. 2.—Mrs. Lizzie E. Wilkinson, wife of Capt. Ed Wilkinson, died on the 26th. She was born on Casey Creek, Adair county, Ky., Sept. 16, 1852. Her death came after years of affliction and intense suffering. Early in life she made the good confession and was baptized into the body of Christ, where she remained faithful and true until death. Her faith was as strong and intelligent and as bright as any we ever witnessed in death, her only regret was in leaving her family, who she desired above all things that they should "meet her up yonder." She left a husband and six children and many relatives and friends to mourn her death. After services at the Christian church in the presence of a very large audience her body was laid to rest while her spirit rests with her Savior. We mourn not without hope. May the good Lord bless and save her family.

NOTHING LIKE OIL.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates and a quick cure is sure to follow. For sale by Craig & Hocker.

LIBERAL WITH MONEY.—The Cincinnati Weekly Enquirer is offering \$56,000 in cash premiums for nearest correct guesses on the total vote of Ohio. The election in Ohio occurs on Tuesday, Nov. 5th, this year, and is for a governor, State officers and legislators. The new Legislature will choose a United States Senator to succeed Senator Foraker. The Enquirer also offers \$50 each week for the largest clubs of guesses received during that week. This is an excellent chance for obtaining money easy.

There are two murder cases in the Madison circuit court which began yesterday. Doc Lowry, who was granted a new trial on conviction of criminally assaulting Mrs. Hamon Million, a prominent lady, will be tried again.

Legal holidays in Kentucky are Jan. 1, Feb. 22, May 30, 1st Monday in September as Labor day, Thanksgiving day, General Election day, and Dec. 25.

COL. THOMAS P. HILL has accepted a chair in the law faculty of Centre College at the earnest request of President Roberts and the trustees. Others of the faculty will be a gentleman from Virginia, whose name we could not learn, C. R. Rhodes, Robert Quisenberry and either Col. W. C. P. Breckinridge, of Lexington, or C. R. Breckinridge, of Arkansas. Col. Hill's duties will require two days' of his time each week. His acceptance insures that the high standard inaugurated by Gov. J. Proctor Knott will be continued for there is no better equipped lawyer in the State than he is, nor is there another who has taught as many young men law and started them on the road to fame and financial success. Besides his perfect knowledge of the law, he is a splendid orator and his lectures will be models of legal lore and oratorical beauty.

LANCASTER.

There was no preaching at the Christian or Methodist churches Sunday evening, but regular services were held at the Baptist and Presbyterian houses of worship.

Miss Sallie Ross, who has been on the sick list, is again able to be out. Miss Annie Austin will go to Dripping Springs the first of the week. Mrs. James Beazley continues to improve.

Morgan shipped to Cincinnati a car-load of hogs for which he paid 5 to 5.5. On same day, Lawson & Fox shipped a car, paying about the same price and shipping to same place.

Miss Allie Arnold spent last week with friends in the country. Miss Sarah Baughman, of Stanford, was the guest of Miss Mattie May Robinson. Mrs. C. D. Powell has returned from Mt. Vernon. She left her sister, Mrs. W. T. Short, improved. Mr. J. B. Conn and little daughter, Katherine, left Saturday night for Cartersville to join Mrs. Conn and Estella, who have been visiting there for several days. Miss Beesie Batson has returned from an extended visit to Brodhead and Stanford. Mr. Ed Ross, of Lexington, spent a week with his father's family here.

A CERTAIN CURE FOR DYSENTERY AND DIARRHOEA.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased the bottle and took two doses, one before starting and one on the route. I made the trip successfully and never felt any ill effect. Again, last summer, I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me. For sale by Craig & Hocker.

Is a Candidate for Railroad Commissioner for the 24 District, subject to the will of the democracy.

It is exceedingly gratifying to the writer, after several months' absence, to find the political conditions of old Lincoln as good as they are. The better element of those democrats, who strayed off for awhile, has returned to the first love and are standing shoulder to shoulder with their brothers in the determination to elect one of the best tickets ever nominated in the county. There is no idle boasting, but every democrat, who is worthy of the name, is alive to the importance of the result and will see that the mongrel horde of pie hunters whom the republicans have put up are given the dose they deserve. There seems to be a special determination to rebuke by pronounced defeat, their nominee for sheriff, who lived off the democratic party as long as he could and sought new affiliations when the prospect to longer feed at the public crib grew small by degrees and beautifully less, if he remained a democrat for revenue only. This is a bad year for turncoats and many a one will fall by the wayside to spend the rest of his life regretting, that he hadn't put principle above policy and sought to tear down that which he had every reason to help build up. It is just two months today before the election and if the present feeling continues to grow as it has since the republican nominations, the majority for the democratic ticket will be the largest for years. The wealth, intelligence and the sober sense of the county is with the democrats, who know it would be suicide to let the republican ticket be elected, for it is utterly incapable of conducting the county's affairs. Good local government can come alone from men, whose interest and responsibility demand that public affairs shall be well and economically administered. The democratic ticket is composed of such men. They fill all of the Jeffersonian requirements and deserve our support. Let nothing prevent its bestowal.

MRS. SIMMONS, who is suing her husband for divorce in Hodgeman, Kansas, because he has failed and refused to kiss her a single time in the two years of their marriage, seems to have a sure thing in winning her suit and alimony unless her husband can prove that a naturally bad breath is further accentuated by eating onions. Even then she stands more than an even chance of victory. The court will doubtless hold, as it should, that it is the duty of a man to kiss his wife occasionally, which must be performed as any other painful requirement.

It is hard to find republicans in this district who will accept nominations for representative. Hon. B. B. King, of this county, hasn't yet said he will run, although it has been a month since he was nominated, while up in Madison, Hon. T. S. Burnam declares he will pay no attention to the nomination given him. These gentlemen have seen the handwriting and they prove their good judgment by not running for offices they have no earthly show of winning.

The republican nominee for county judge of Laurel is charged with having stolen a couple of log chains some years ago. A man aspiring the management of a county's affairs should have an untarnished record and the republicans invite defeat when they put up a man who is unclear in any respect. Looks to us as if November would be a mighty good time for Laurel democrats to elect a democratic judge, who has no log chain record.

PITCH FORK TILLMAN says he has little respect for editors. This is a case of little love lost. The editors generally have little respect for Tillman, who seems to be a blackguard and a vulgarian.

The Glasgow Times only sent us two pages, or half of a paper, last week. It's whole hog or none, with us, Brer Richardson, we must have all of the paper or none.

SPEAKING of certain measly turncoats, who were present at the Sapp convention, the Louisville Commercial says: "The editor of the Post was absent, because he is a democrat and has no interest in the republican party any further than he can use it to promote his selfish ends or his personal likes and dislikes." The Commercial has made some reputation for veracity, but when it says that Dick Knott is a democrat, it throws all the fat in the fire and gets down to common every day lying. Knott is not half as much of a democrat as the devil is a saint.

WHEN Alabama sends white men to the penitentiary for life for lynching a Negro and when Mississippi condemns to death one for killing a Negro as they did last week, it begins to look like justice has put the bandage on her eyes again in the South. If the sentences are executed, it will go a long way towards the establishment of law and order and show that the courts and not mobs are supreme and that the habit of killing Negroes for any excuse must cease.

AN expert swimmer was drowned while giving an exhibition at Rockaway Beach Sunday and yesterday the most successful physician in Grant county was forced to cease practicing because he is not a graduate of a medical college. It will thus be seen that the race is not always to the swift and that a college diploma is no more entirely essential to enable one to cure the sick than being an expert in any profession makes a man dead sure of getting there.

TEDDY, the Terrible, is an all around man. He preached at the Trinity Dutch Reformed church and the First Methodist at Chicago, Sunday, and drew larger crowd than a circus. His indeed is a strenuous life and if he doesn't finally reach the goal of his ambition, it will not be because he hasn't tried every out to get there.

THE Lexington Morning Democrat has a new head, but Willoughby Williams holds on to his good old one. A new one would no more improve him than the new one does the Democrat. The tendency now is to plain letters, German texts are playing out, except with old women like the Courier Journal.

THE trial of James Howard, for the murder of Gov. Goebel, is set for Sept. 10 at Frankfort and it is almost certain to proceed. The second trial of Caleb Powers is set for the October term of the Scott circuit court. Our prediction is that Howard will be acquitted and Powers sentenced to death.

THE stories of Admiral Sampson's falling mentally and physically are said to be untrue. He is a natural born scamp and coward, that's the explanation of his conduct and his attacks on Schley, who is his superior in every sense but rank.

THE Ohio Democrats will invite Bryan to help them in their campaign, but the great Nebraskan will doubtless think the invitation adds insult to injury and turn a deaf ear.

Eight of the candidates who were nominated in Collector Sapp's republican convention on Saturday have decided to decline.

Dr. Laura Kelsker, of Louisville, has been appointed third assistant physician at the Central Kentucky Asylum for the insane at Lakeland.

The republicans of Jessamine nominated a ticket with the exception of sheriff, clerk and county attorney. Old man N. D. Miles, who once ran for Congress, was nominated for representative.

A county ticket prepared by E. T. Franks, internal revenue collector of the 2d district, was nominated by the independent democratic-republican-populist convention in Owensboro. It is a very mongrel affair.

Collector Sapp's convention nominated a ticket for city and county offices headed by John A. Stratton for mayor. At least one-third of the 260 delegates were Negroes and they were used by the collector to serve his own ends. Mr. Sapp's entire slate was nominated. Collier's Weekly sums up the situation laconically thus: "Schley is on trial for cowardice, Sampson has been blackguarded into illness, Evans has been publicly reprimanded by an assistant secretary of the navy and Cervara is to be presented with a silvercup as a testimonial of the admiration of the American people."

The 6,000,000 of democrats who for eight years have fought gallantly to maintain their position can not now sacrifice it or abandon it to meet or

greet or gratify the returning prodigals. There is no desire whatever to throw rocks at returning democrats, but on the other hand there is no desire to "kill them with kindness." Let them take their places in the ranks, unconditionally, and they will be welcome.—Owensboro Messenger.

HOT MEETING.—The Rev. Andrew Johnson, with several other kindred spirits, is holding a red-hot meeting in Mercer and stirring up things considerably. The other night, after his sermon, he was cavorting aloop the aisle addressing those whom his eye caught. Spying Billy Poteet he said, "How are you, brother?" meaning as to his salvation. "Very well, thank you, how are you?" answered the polite present and prospective county clerk. "Don't you want to meet me in heaven?" the preacher further inquired. "That would be nice, wouldn't it?" replied Poteet and Johnson sought a more demonstrative victim.

DOWNES KILLED.—In a wreck on the Great Northern at Nyack, Mont., in which 34 lives were lost, and 10 persons injured, P. T. Downes and his son, Kirk, were killed. Mr. Downes was assistant general superintendent of the road. He was formerly superintendent of this division of the L. & N. where he made many friends, who will regret to hear of his untimely death. The wreck was caused by a freight of 28 cars breaking loose on a steep grade and running into a passenger train. The debris immediately caught fire from the coal oil lamps and many of the victims were burned alive, as they lay pinioned by the timbers of the cars. It was one of the worst wrecks on record.

TEACHERS' INSTITUTE.

The teachers finished their work Friday morning after a most pleasant and profitable convention of 41 days. Following is Secretary North's report of Friday morning's session:

The subject of Physiology and Hygiene was introduced by Instructor Patterson, who was followed by Misses Kate Blain, Cettie Thurmond, and Tilden Singleton. Prof. Cawkins gave an entertaining talk along this subject. After recess some miscellaneous subjects were discussed by the Institute. The resolutions were read by Mrs. M. J. Cochran and accepted by the Institute. After appropriate remarks by our efficient superintendent and instructor and singing, the Institute adjourned. CHARLES NORTH, Secy. MISS MYRTLE HUGHES, Assistant.

RESOLUTIONS.

The teachers of Lincoln county assembled in Stanford, Ky., Aug. 30th, 1901, do adopt the following resolutions.

1. That we express to Prof. J. H. Terson our fullest appreciation for the efficient manner in which he has conducted our Institute and that we commend him to teachers of other counties and the general public as an industrious, able, energetic and reliable instructor, who is interested in all questions pertaining to the public schools and whose long experience places him among the State's most eminent educators.

2. That we extend to Supt. Singleton our united thanks for the kind and courteous attention he gives us not only during the Institute, but at all times, and that we earnestly recommend him to the voters of Lincoln county for re-election to the important office of superintendent of public schools, a position which he has so ably demonstrated himself competent to fill.

3. That we extend our thanks to those citizens who have assisted in entertaining us, and also to those who have attended and taken part in the discussions of our Institute; that we are especially grateful to the Hon. M. C. Saulty for the manner in which he conducted to our invitation to address the Institute.

4. We realizing the dependence of good citizenship on the education of the rising generation and the inefficiency of our present short terms, do petition our General Assembly to make appropriations sufficient to extend our school terms to at least nine months.

5. That we thank and tendered Mr. Chas. North and Miss Myrtle Hughes for the capable manner in which they have performed their duties as secretary and assistant secretary.

6. That we request our superintendents to co-operate with the superintendents of Garrard and Boyle counties in holding a joint Institute to continue two weeks, for the year 1902, and to secure the service of Col. Francis Parker as instructor.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Amaranth for sale at Penny's Drug Store, Stanford.
